☒ Designed for use in the management of Massage Clinics and Mobile Massage Clinics. ClinicMaster is the complete massage practice management solution. ☒ Management of mobile massage clinics. ☒ Requires Windows 7/8/10. ☒ Upgrading your server to the latest version of Windows will enable you to host more therapy types and massage techniques. ☒ If your hardware is not compatible, we will provide you with a suitable upgrade. ☒ If the upgrade is successful, please keep in mind that this is a one-off (provisional) copy of the software, the original on your server will remain unaffected and in use, it will just be used to help with the upgrade. ☒ Maintenance updates and essential updates will still be provided as the standard for license holders. ☒ In order to give you the best possible service, we require that you make a donation to the company behind this project. We set this at £5.00 per server (for the license fee), this includes 24 hours support. ☒ If the server is a production server, it will usually be a day or two work to do the upgrade, but if you need assistance, please email us and we will get back to you asap. ☒ Please read the documentation for instructions on how to upgrade a server. ☒ This does not include installing software, you will need to take this task into your own hands. ☒ Your license may expire if you do not have any content added to the server. ☒ If you do not know how to upgrade a server, please contact us. ☒ The license does not cover Microsoft products, they must be purchased separately. ☒ We will not accept anymore support requests after 2 months of the date of purchase. Please be mindful of this in your communication with us. ☒ We can set up a trial server for 1 month before you decide whether or not to purchase. ☒ It is your responsibility to ensure that the license is attached to your account and that it is active. ☒ It is your responsibility to keep the license up to date with any relevant changes to the license. ☒ The license will run until the 30th day of each month, and we do not want to extend this. ☒ If you wish to run the software for longer than 30 days, please email us
