The Brocade Fabric License Management Utility can be used to generate a license key or other usable information for Brocade switches and directors. For Brocade Gen 6 switches and directors, you must pass the license key in the license --install command to install the license. Connect to the switch, and log . Products sold prior to the November 1, 2015 separation of Hewlett-Packard Company into Hewlett Packard Enterprise Company and HP Inc. may have . Acceptable Products For Brocade Gen 6 switches and directors, you must pass the license key in the license --install command to install the license. Connect to the switch, and log . Edit 2: I did find this on the brocade forum. It seems that Fiber Channel Assignments in the Brocade 5000 Series Chassis Are Not Permitted on Gen 6 FC Switches but if you reset the port you get the licenses you need. A: I've had good experience with 5000 series switches -- we've had 9 switches, some of which are in production use, for our current project. There's pretty much no downtime due to licensing. A: They've got a good set of instructions for how to implement licensing in a 5.0 fabric. It does require access to an ASR (Intel ASR 4400 or similar) rather than just an FSM (Firmware SCSI Offload Manager), but that's not much of an issue if the number of FSM is small. A Colorado man who killed a police officer and a bystander had a history of running into trouble with the law before the events of early March, a prosecutor said during a sentencing hearing Wednesday. The hearing before Colorado Court of Appeals Judge James L. Redden on behalf of convicted killer Nathan Leon lasted about 90 minutes. Prosecutors and defense attorneys made closing statements before the judge issued his ruling. The sentencing hearing focused on Leon's criminal history, which includes previous convictions for domestic violence and battery and a conviction for being a felon in possession of a firearm. Among the most serious charges Leon
