What's New In?

Cute Photo Slideshow Free - Mobile/Multimedia... Help you edit your images to make sure they're really good before you're ready to share them with your friends! Just use your camera's auto-sensing to check out your photos! With a few simple touches, Cute Photo Slideshow Free can make sure your images look their very best! When you first open Cute Photo Slideshow Free, you can see all your photos in a single screen with thumbnails and titles... 3 Free NetTranslate - MSN Translator From NetTranslate Software ★★★★★ 19 Nov 2010 If you often travel and want to read or speak your favorite language online, then the MSN Translator is the best and most useful tool to translate language. NetTranslate is a powerful translator for Microsoft's Windows Live platform, where users can have the ability to speak and read the language that they wish. It can be used as a communication tool for learning, business or play. With the application, you can easily translate words, phrases or whole sentences. Once the translated text is selected, you can view it on the right side of the application window. You can also choose the source language as well as the target language... 5 Free Picasa Web Album From Google ★★★★★ 21 Oct 2010 Google's Picasa is a free photo sharing service and website that is used to store, view, edit and share your photos. It has been initially made for Android, but its functionality is also available on a web interface. The program is extremely simple to use and it has plenty of tools to edit and manipulate your images, like red eye removal, cropping, rotation, resizing and converting. With Picasa, you can also send your pictures to your favorite social networks such as Facebook, Twitter and Blogger. Once the picture is saved on your computer, you can access it from any device. You can share pictures from Picasa with friends and... Picasa for Mac: Upload photos from your Mac desktop to Picasa Photo web albums MacPaw Pano Desktop: Over 50 free software to personalize your Mac ★★★★★ 4 Aug 2011 MacPaw Pano Desktop is a collection of more than 50 software programs that can be used to personalize the Mac. It contains six video editing programs, three music creators, seven presentation tools, three image processing software and more than ten different browsers, desktop managers and productivity software. This collection of freeware is perfect if you want to make a professional presentation for your friends, or if you want to use your Mac in a creative way. You can import photos and music files from your Mac, and then use the included video editors to create
