
Veer Zaara 1 2 3 720p In Dual Audio Hindi

Zaara's friend contacts Veer and tells him that Zaara wants to end his engagement and has strong feelings for him, but when he comes to her aid, it matters. Force of Balance The hero becomes part of the Balance power that is in every hero, and which over time will be stronger than him. This gift will influence his destiny and affect his relationships with other heroes. There will be four types of power in the game. Each of them gives the hero three abilities:

- Love Zaara feels very vulnerable next to her beloved hero and experiences a strong connection. In fact, she will always be between him and his very first hero. She can also love one of her three parallel heroes. This kind of love will protect the Hero from negative emotions from another hero. This obviously results in the character gaining a huge advantage in the war against the enemy.
- Risk This is a power that can influence the fate of the Hero, what he will do, and how he will behave. For example, when the hero crosses the road and needs to cross to the other side, he can overcome it on a bicycle and not slip, or go slower despite the fact that he was in a hurry, or go much slower than usual.
- Care This kind of love that protects the hero from everything bad and supports him, but the relationship with such love will not be very good, because the Hero will suffer. It will also negatively affect the mood of the Hero and his feeling of love. In addition, if the Hero dies, then the power of his love will be destroyed, and the hero will not be able to resurrect himself due to this event. Also, this power will brutally affect the character, because his feelings of love for another hero are very strong.

3 abilities will change every time the Hero passes the test. Each hero will have their own keys to start this challenge. There will also be a choice between these three types of power, which will affect the life of the Hero. The only limitation that comes with this is not being able to develop power if the hero dies. Additionally, the game will have combat mechanics, logic and physics, but greatly simplified and minimalistic. The main feature of the game is chips that give experience depending on how you coped with the test. Each time the hero passes the test, the experience you get increases, but if in
