The following code may not be what you are looking for; you need to test the patch in your game first. It is similar to the code you have been using and you can test it in your game with no risk. The code is intended to fix the text on the map menu, which does not display in Spanish. It is a clone of "locale.exe" in steamapps\common\Prototype\Engine\, where Prototype.exe is the name of the game, and replaces it with the correct text so that the Spanish text is displayed. Note that this will overwrite any changes you made to the exe before installing the patch. It is not a new game, just a patch for the existing game. If you do not like the patch, you can revert to the old language by removing the patch.
