]]>Q: jQuery Validation Error messages not showing I am using jQuery validation, but the error messages are not showing. I have followed the jQuery documentation, but it did not help. I checked the documentation of other plugins like bootstrap validation and they work fine. Here is my code: `$(document).ready(function() { $('#registerForm').validate({ rules: { user: { required: true, remote: { url: '../..../ajax/checkUser.php', type: 'post' } }, pass: { required: true, equalTo: '#password' } }, messages: { user: { remote: " " }, pass: { required: " ", equalTo: " " }, }`
