System Requirements For PIM Archiver:

The game requires a High-End PC to run at full frame rate. Currently the game is tested at 1080p, but the game will scale up to 4K. Vertex noise will have a quality impact on the visual fidelity and will lower FPS. To fix this, we recommend to run on the Very High setting. If you're on a high-end PC you can play on the Ultra-High setting. Performance may vary depending on your hardware. Windows 7, Windows 8, or Windows 10. A PC with:
