The text on the eCFR tab represents the unofficial eCFR text at ecfr.gov. § 83.29 Alternative means to comply. (a) Except to the extent inconsistent with any other provision of this subpart, the Director of the Environmental Protection Agency may issue a permit authorizing the discharge of a pollutant in a manner other than that which would be permitted under sections 301 to 309 of this title, or under any applicable general permit issued pursuant to section 402 of this title, if the Secretary of the Army: (1) In the case of discharges of dredged or fill material in a navigable water of the United States; or (2) In the case of discharges of dredged or fill material other than in a navigable water of the United States or any tributary of a

navigable water of the United States, determines that there are not available alternative means of compliance

which would achieve compliance with the requirements of applicable Federal or State water quality standards

(including those requirements set forth in section 401(e) of the Act) in a manner consistent with the purposes

of the Water Pollution Control Act. (b) There is no requirement in this section that, before issuing a permit,

the Secretary must consult with the States, with any local governments, or with any regional advisory council

or similar entity established by any State pursuant to section 401(h) of 1cb139a0ed
