FIFA is a global sports franchise that has a passionate fan base around the world. The FIFA franchise is the top-selling sports franchise of all-time, with over 276 million games sold as of Q2'2015. EA SPORTS FIFA 22 is developed by an international team of over 100 developers, led by the leaders of EA Vancouver and Tokyo Game Studios, the development teams behind other FIFA games. FIFA 22 introduces a host of enhancements to create a deeper connection with the player and the world. Every element of gameplay has been given a significant new overhaul, from controls to ball physics, marking a new era in the FIFA franchise. NEW: Core improvements in shooting, dribbling, tackling, player intelligence and ball physics have been added. NEW: The new Touch ID system keeps the ball centred in a player's foot when shooting, dribbling or passing to provide the illusion of power and precision. NEW: The deceleration rule has been modified to make it more consistent. NEW: Defensive fouls have been removed from the game. NEW: Commentary includes selected NFL Network analysts covering the top 10 players in the league. NEW: A new Daily Challenge provides instant rewards that are available to all footballers in the game. NEW: A new goal celebration with the ball at the feet of the striker is available. NEW: A new Training mode allows players to perform sequences of actions and receive feedback on their performance. NEW: A new "AI inside the Box" motion engine for computer-controlled opponents makes opponents more intelligent and unpredictable when defending against goal-scoring opportunities. NEW: A new wind-up feature allows the ball to rise from the ground, creating a new higher-scoring dimension for goalkeepers in close-range saves. Introducing FIFA Ultimate Team FIFA Ultimate Team puts an emphasis on skill in a single-player mode that simulates real-life football and enables players to earn and use real-world transfer and squad valuation to create a unique team that rises to the challenge of the ultimate football challenge. New approaches in Skill Games and Quick Games offer a wide selection of competitive challenges that encourage the use of a team's entire player pool to adapt to new situations. New opportunities to create and share custom formations with the all-new My Team feature were created to help users develop unique team concepts
