In the early days of Elden Ring Free Download, when the World was covered by the Dark, the Word brought the divine powers of life and light, the beginning of all life and the power of unity to guide life and purify the world. The Word then spoke to four Gods from four directions, and it was said that they would help the Word. The God of Wind made the Wind Winds, the God of Earth created mountains and caverns, the God of Darkness created Nightmares, and the God of Light created Humans. However, the human race became corrupted by the Dark Gods, and the Divine Powers that were created were reduced to various tamed animals and monsters. The God of Wind then created an armor for the Wind Winds. The God of Earth created a big dragon for the Darkness, and the God of Light created the Lightning, the sword of the divine power of light. These three divine powers, which created separate worlds, had each been collected for ages without merging into one, when one day the God of Wind realized the fourth divine power, which was the Sword of the Light, which had been created by the God of Light. The God of Wind looked upon the sword, which was still made of air, and he spoke to it, asking why it hadn't been transformed into the Wind, Earth, and Darkness. Thus was born the Elden Ring, from which the Sword of the Light is made. When the game world began, the three Gods were born in the World. However, their mortal divine servants were born in the Lands Between. ABOUT BIRTHDAY SIN: Birthday Sin was born from the desire to immerse fans of high-speed action into a dynamic story with an unprecedented level of game play. We created the story and play style in response to requests for an action game that has high speed and bursts of intense action, while remaining simple and easy to play. From the moment players take control of the main character, Birthday Sin is a story where players interact with the boss in combat. Elden Ring story begins with Tarnished, the main character of the fantasy action RPG, "Rising". Tarnished's story begins with the death of his parents at the hands of a new "Tarnished" leader, the local King. Tarnished's life is one of misery and poverty until one day, the spirit of a fallen elf who was a part of the Great Old Age appears. This spirit, named Makichi, informs Tarnished that he must be Tarnished's weapon in order to enact his revenge. Though he agrees, the nature of his mission complicates matters as Makichi demands that Tarnished use his own power. Thus, Tarnished is tasked with not only the duty of revenge, but one of reconciliation and self-recovery. ENJOY WELCOME SCREEN

(All contents, except contents stated by third party company and characters, are property of their respective owners.) I'm looking forward to getting another New Fantasy RPG. Hello and welcome to another edition of Re:zare!! The New Fantasy Action RPG (NewFAR), the sequel to New Fantasy RPG, is coming in November with a new world, a new story, a new character, and a new feature in terms of online play. It's only a little over a month until then, so I thought it would be a good time to bring you a look at the prototype that I've been working on since then. But first, let's take a look at some of the rest of our usual games in Re:zare!! After that, we'll return to the NewFAR prototype and discuss what we were thinking about when we first started making the game. New Fantasy RPG The first New Fantasy RPG was released in May 2016. In this game, you'll take on the role of a young man who, after being swept away by the enchanting design of a doll he once possessed, ends up being saved by a goddess who tells him a prophecy about the birth of an even greater world called a Fairy Tale. Together with the goddess, he ventures forth into the world of Limbo. As the story progresses, you'll meet a host of people who offer help or suffering, including a sorcerer who runs a café, a dwarf that's looking for a bride, and a boy who can summon monsters. Although the story is fairly complete at the moment, we still have work to do to fully make the game, so the storyline will change according to what we implement. This is a very long-term project that will take a while, so I thought I'd share the basic story of New Fantasy RPG (NewFAR) with you to spark your interest in the story so that you can be excited when the game comes out bff6bb2d33**
