Gotham, dated May 2016, was directed by Bruno

Delbonnel and produced by Deborah Snyder with a screenplay by Jeremy Slater, based on characters by DC Entertainment. In the Gotham-based out of order event order Gotham, the dark knight Gordon must overcome the skepticism of the bureaucratic transitional Gotham City as he investigates corruption, the rise of criminal activity and the presence of a dangerous man in Gotham. The official Wikipedia article for the series is available for free; see the article history for edits from Wikipedia. The official Warner Bros. Gotham is a Fox television production based on the DC Comics character Batman, featuring the DC Comics Batman as the protagonist. Greenlighted to enter production in May 2013, it was developed by comic book writers J. Snyder and DC Entertainment's Chief Creative Officer Geoff Johns and showrunner Bruno Campos and television veteran James Woods of the Gotham

television series was announced on May 21, 2013. DC Comics other Batmanrelated media include the Batman Animated Series, a television series that ran on the WB Network from 1995 to 2000. In 2015, Warner Bros. Cinematic Media is a subsidiary of Warner Bros. Gotham is the second live action theatrical film that the production company is developing. Batman film series. In 2014, the film's title was revealed as The Batman. The film is to be the first feature film to be released by Warner Bros. Under Warner Bros. Development of this film began under the previous company, New Line Cinema. Schumacher directed the picture, which was to be based on Tim Burton's successful 1989 film, Batman. As Batman 3 (which will star Christian Bale as Batman), The Dark Knight Rises, The Dark Knight,
