ups Season 1 Recap: In this pre-credits ep, the WWE is building for the 2016 pay-per-view WrestleMania — Super Tuesday, and WrestleMania is here. We can only wonder about the possibilities of a Triple Threat I-credits match at Mania. Will Sting be in the mix? So we have a set of pre-credits matches, including one that ends in a pinfall. On the main roster that is the Divas Divas 6-pack, along with the Junior Divas and Summer Rae's reign as Miss Universe ends. Some interesting non-pay-per-view booking is occurring with the ring announcers rarely making an appearance before this pay-per-view and no one being lined up for the Cruiserweight Classic. Maybe they just wanted us to sit still and spend some time with the Divas 6-pack. See you all in about a month for Doomsday.
