What's new:

2 (aka BLOATERS 2) 'DUEL IN DEATH MAGIC' is 90 minutes of pure noise and unstructured hip-hop, a soundtrack for being in love or drugs. Soundtrack 2 adds a dose of minimalism, a feeling of crazy controlled chaos, like the sum of its parts overcoming the record as a whole. As an audio artwork it is an entity of itself, with no centre. It moves and rolls on the floor, exploring its own momentum on a one-way journey through different musical dimensions. Within the track order chaos and coherence coexist. There's a scene in this album that jumped out at me when listening to it for the first time so I've named it the 'RABBIT' sequence. It is a very subtle use of light and shadows where the music seems to be trapped in the dark/shadow but simultaneously seems to almost want to get out of the blackness and escape into the light. Think of RABBIT as a passageway through the torrent of noise. Other examples of this can be found in BORDERLINE or CRATERS. - KRAUT FLUORIDE

"House in Fata Morgana" is a new and remarkable game developed by the Japanese RPG pioneer UPL with a unique art style that is both dark and emotional. Players will take the role of Ako Faro, one of the master of Fata Morgana, a mansion-like estate located in the center of a dense mist. In this lonely world, Ako and the people he meets in his daily life will seek to answer questions that are at the heart of reality: How did he become what he is today? How do people find meaning in their lives? And what happens to people when their existence comes to an end? Key Features: ♦ Unique new game system: A new and sensational system that makes players create a custom character with unique skills, and explore a vast, unprecedented world. ♦ Artwork: The game features rich, expressive artwork, character designs that are lifelike in both art and 3-D model. ♦ "Story-telling" System: A story-telling system that allows players to deeply immerse themselves in Ako's journey, and to experience a variety of emotions as they play the game. ♦ Customization: Players can create their own character by choosing from the 5 different archetypes, with each archetype having their own skill set, and create their own customized weapon. ♦ Real-time Strategy: A strategic gameplay system where players strategically adapt their character's skills to the on-screen situation. Use skill attacks to defeat your opponent! ♦ Story-telling system: A high-definition musical journey that will move players emotionally as they experience and explore the game. ♦ Map System: A map that allows players to view the world in a three-dimensional perspective and traverse the mansion through the use of a flying balloon. ♦ Dynamic Dance System: A real-time, first-person dance battle system! A unique system that allows players to use on-screen choreography, all while seamlessly performing various actions. ♦ Special Soundtrack: The game features two disc-quality soundtracks: one composed by UPL, and the other by Takaki Moriya, composer for the highly-regarded anime series "Durarara!" About This Game: In the year of 819, a fabled weapon known as "Regin", a legendary black sword was stolen from the walls of the cathedral. The wicked thief, Itsuki Kuroki, could have plundered it as he
