in the style of Jumper, with less puzzle elements, more combat-like elements, and more emphasis on exploration. Download Game The game has you exploring the ruins of an ancient Japanese military base called 'Kikyo' while you try to find out what happened there years ago and use your team of four unique recruits (each with their own special skills) to take on the obstacles that are put in your way. You play as Tam, a young guy looking for a nice vacation with his girl. In the game, you will be playing an story-based role-playing game with squad-based multiplayer combat and base building. You can think of the game as a mix between Firefly and the Fallout series, which means there are plenty of skills and items that are usable and that you can upgrade. You can play the game in 2-4 player co-op mode. Offline Download User Reviews But first, you have to prepare everything for a critical mission.
