Of course I'm having a terrible night but I must be great hospitality as my friend is of course very ill and has to come to my house. I prepare food and a drink and I let my friend stay in my home until he is better. Will I get in trouble because I just cared for my guest and not for my own wellbeing? Is the act of caring for a sick person illegal?Q: Codeigniter Routing Issues with question mark Currently I am working on my first Codeigniter application and am very new to the whole framework. I have a routing issue that I am having a great deal of issues with. Aim-9v3 is certainly a graphics setting that is unrealistic in every way, right down to what the.Q: Cast integer value to Bit I would like to know if there is a way to cast an integer value to a Bit (Value Types) For example: public static void CastToBit(int value) { Bit = value; } Thanks in advance A: No, you can't. A Bit in C# is represented as an instance of System.Byte, which is a number. To convert between a number and a bit, you'd have to use a loop: public static void CastToBit(int value) { Bit = value 0? 1 : (Bit)value; } It's probably possible to represent a bit as some sort of value type, but it's going to be a class with a few more bits than just a single Byte or Int16. A: public static void CastToBit(int value) { Bit = value 0? 1 : (Bit)value; } A: You can use something like this to get the bit from the number: Bit test = (Bit)value; Bit newBit = (Bit)0; if(test) { newBit = 1; } 1. Field of the Invention This invention relates to a protective cover for body parts and specifically to a means for keeping the glans area of the penis dry and clean when the penis is in a state of natural rest such as sleeping on the side or when a person is engaged in some form of sexual activity. In this specification the term "glans" is used to refer to the area of the erect penis between the penis head and the corona. The term "penile glans" refers to the glans which is in a flaccid state. 2. Description of the Prior Art The use of a protective covering is known for certain types
