DISCUSSION I In evaluating the trial court's granting of the defendants' motion to quash service, it is important to note that the plaintiff did not challenge the validity of the statute, and the validity of the statute was not a factor in our decision. As we stated in Circle K Stores, Inc. v. City of Mesa, 131 Ariz. 2, 638 P.2d 251 (1981), "The sole issue for review is whether, under the facts of this case, [service on the supervisor or city manager] was appropriate." Id. at 3, 638 P.2d at 252. Ancient Origins of The Edda The Nordic Edda, the product of the Althing or Assembly of the Gods, was composed in the 9th century in Iceland and it was from this Edda that the later Icelandic folk literature and native traditions took their theme. This work, made in memory of his relatives by the old Icelandic poet, skald, Orm, took the form of a number of short heroic and descriptive poems. The basis of the work were the stories of the Norse gods, the well-known and popular tales of the Norse mythology. They were also designed to be a weapon against the enemies of Icelanders like the Swedes and Danes. Microsatellite analysis of major histocompatibility complex class II haplotypes in the Swedish abalone, *Haliotis rufescens*. We report the development of four new polymorphic microsatellite markers for the Swedish abalone, *Haliotis rufescens*. The loci were designed as part of a study of genetic structure in the Swedish abalone using polymorphism at the major histocompatibility complex (Mhc) genes as a selective force. The sequenced genome of *Haliotis rufescens* (deleted versus non-deleted scaffolds, respectively) was used to develop the microsatellite loci. Following verification of correct amplification and dinucleotide repeats, 6d1f23a050
