SUPERAntiSpyware Professional 8.0.1024 Key

Hello my name is chris i live in the USA and i just bought a new HP laptop with windows 10 installed on it i got the windows update it and it had two updates 1 for windows 10 and one for SUPERAntiSpyware the problem is i just install the update for Windows 10 and it removed windows security and did it so it does not work so i open it up and reinstall windows 10 and same thing happens so i had to take it back to the store now the reason i did this was because it never worked so i have to reinstall again i just wonder is there a way to get windows 10 and install it over windows 7 what i have is windows 7 ultimate 64-bit and serial to a full version of windows 10 is that possible

that is the only version i got the serial number is 33965361L and this is just the whole key for the serial number is 33965361L i would like to know if there is a way to install it and overwrite the windows 7 without having to reinstall everything else please if you could help that would be great Hello my name is chris i live in the USA and i just bought a new HP laptop with windows 10 installed on it i got the windows update it and it had two updates 1 for windows 10 and one for SUPERAntiSpyware the problem is i just install the update for Windows 10 and it removed windows security and did it so it does not work so i open it up and reinstall windows 10 and same thing happens so i had to take it back to the store now the reason i did this was because it never worked so i have to
