Cakewalk is the leader in helping musicians of all levels express their creativity, define their styles, and share their music. From their studio software for creating, recording, mixing and mastering your music to their educational products for learning music and the essentials of music production, Cakewalk helps musicians around the world learn to make music in any genre and bring their vision to life. The Cakewalk family of products includes Reason, Elements, Cakewalk Sonar, Cakewalk Unison, Cakewalk SONAR and Cakewalk Pro Tools. One of the many powerful instruments included in SONAR Platinum, Dimension Pro is the critically acclaimed synthesizer that combines real instruments with advanced synthesis giving you endless sound possibilities.
