Of course, these days I'd complain if I had to rip SFX from CD..... But that's why I ripped mine ... I even worked in HitFilm (and VisionLab Studio! But all those things couldn't provide me with enough power to create everything I wanted. Of course, I would have to use some program like Photoshop or Premiere Pro to do it. But again, all the programs would be limited, and I could create a more complex image than all of them combined. That was the time I had to do it. I would be able to do it once, but I wouldn't have to do it again dd2bc28256
