Soni Typing Tutor lets you learn Hindi typing in Hindi and/or English. The program consists in different customizable typing tests in both languages. It is divided into 3 sections: Learn typing, Type test and Type test B and C. First, you need to select the type of test you want to take. Each of them has different options, starting from the language you want to use (Hindi or English). Once you have selected the appropriate language, you can choose among a variety of tests, such as data entry, free typing and others. Also, you can set the duration of each test between one minute and one hour, depending on the type of test. You can also upload your own tests. Hindi is quite a different language from English, and you will need to approach typing it in a different manner. As such, the three different sections consist of a Learn typing section, and a Typing test section that contains two parts, A and B. Tests in A are associated with materials on Hindi grammar and literature while Tests in B are associated with Hindi daily life, so you will encounter a variety of data on the language and daily life. Typing test A focuses more on spelling, while typing test B focuses more on sentence structure and grammar. Typing Tutor is like your virtual typing tutor. You can practice on-the-go with the app. It has a built-in dictionary and grammar book to help you practice and improve your typing skills. You can perform data entry while using this program to practice the speed of your typing. You can easily edit and modify the grammar book as you learn new words. Type test A is to test your written and listening skills. It can help you to improve on your oral communication skills. Typing test B is to test your understanding of different topics like lifestyles, songs, general knowledge, travel, etc. Jr Hindi Typing Tutor Full Version Free Download With Keyl Hindi Typing Tutor is able to help you in improving your skills in typing.
